Dear Chair DeFazio and Ranking Member Graves:

I am requesting funding for the Airway Heights Industrial Subarea Connectivity Project in surface transportation reauthorization legislation.

The project sponsor for this project is the City of Airway Heights and the project is located at 1208 S. Lundstrom, Airway Heights, WA 99001.

The funding is designated for paving Russell Street to the standard 40 foot width as well as curb, gutter and drainage facilities. The project also includes the construction of a pedestrian sidewalk beginning at State Highway 2 to McFarlane Road.

The project is an appropriate use of taxpayer dollars and is anticipated to benefit areas within Airway Heights that are located south of State Highway 2 that have begun to see an increase in industrial and commercial development opportunities. The primary obstruction to further growth in this area is the lack of adequate infrastructure, which this project would address.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Cathy McMorris Rodgers
Member of Congress
